THREATENED STRIKE.

A serious controversy has arisen between the Brotherhood of Locomotive Engineers and the Pennsylvania Railroad affecting particularly the lines west of Pittsburgh. The details of the difference between the membership of the order and the railway company were presented yesterday to Chairman Knapp of the Interstate Commerce Commission and Prof. Charles P. Neill, Commissioner of Labor, who constitute the general board of mediation under the Erdman act.

The engineers desire official recognition of their general board of adjustment in the settlement of any grievances that may arise between the members of the order and the railroad company. The men complain that when they take up grievances with the division superintendent they get no satisfaction, and as a rule, their complaints come to naught.

So serious has the difficulty become that a strike vote now is being taken by the engineers of the lines west of Pittsburgh. If the vote should be in favor of a strike, the situation will become acute. With a view to averting the impending trouble the members of the general board of adjustment of the order, headed by Grand Chief Warren A. Stone and Assistant Grand Chief Fred A. Burgess, went to Washington to lay their cases before the board of mediation.

DISGUISED ASSAILANT.

On a charge of criminally assaulting Miss Lucile Linton, William H. Mitchell, a leading citizen of Thomasville, Ga., and related to the most prominent families in Georgia, was put on trial yesterday. Miss Linton, the victim of the alleged assault, is a beautiful young woman and heiress to \$200,000 left her by her father who recently died. It is charged that Mitchell was disguised as a negro woman when the alleged assault was made on Miss Linton.

Miss Linton was the first witness called by the state, and in a voice that was almost inaudible she told how she was lured from home by a person dressed as a negro, who brought a note stating Miss Linton's brother-in-law was badly injured and requested her to come to him.

Miss Linton said she got in a buggy with the supposed negro. The buggy, Miss Linton says, was driven into a woods, and then she became suspicious. Soon the supposed negro assaulted her and in the struggle that followed she declared she recognized that her assailant was W. H. Mitchell.

THE HAYTIAN OUTBREAK.

Every hour brings the revolutionary army nearer to Port au Prince, and a feeling of impending disaster has taken possession of the people. The advance guard of Gen. Antoine Simon's forces is now not more than 26 or 30 miles from Port au Prince, and up to the present the insurgents have swept all before them.

The government losses at Anne a Veau on Friday and the rout of the loyal troops have caused consternation among the officials of the government, with possibly the sole exception of President Nord Alexis. Every effort to have him take himself out of the country has proved a failure, and the aged president, who has faced many revolutions before, announces his determination to fight to the last.

It may be that President Alexis feels the confidence he expresses in his ability to check the advancing army of the revolutionists, but the residents of Port au Prince certainly are not of the same mind. Many of them are panic-stricken, fearing the revolutionists will loot the city.

TRAINS CRASH IN TUNNEL.

The first accident in the Hudson river tunnel occurred yesterday morning, under the river, near the Hoboken terminal, when a regular train, carrying five passengers, ran into a train of eight empty cars and tied up traffic for 40 minutes.

Nobody was injured in the crash, but one of the empty cars was thrown from the track, and operation of trains had to be suspended until a wrecking crew had done its work.

At the Hoboken terminal it was said that something had happened to the air brakes of the empty car train, which brought it to a sudden stop, and as a train was following close behind in an effort to get cars on hand for the rush, a rear-end collision followed.

The heavy traffic, of course, was in the south tube, and thousands going to New York were in no danger of injury.

For that Dull Feeling After Eating. I have used Chamberlain's Stomach and Liver Tablets for some time, and can testify that they have done me more good than any tablets I have ever used. My trouble was a heavy dull feeling after eating—David Freeman, Kempton, Nova Scotia. These tablets strengthen the stomach and improve the digestion. They also regulate the liver and bowels. They are far superior to pills but cost no more. For sale by W. F. Creighton and Richard Gibson.

LOVERS OF MUSIC are divided into two classes—those who produce it and those who listen.

YOU can be one of those who PRODUCE MUSIC if you own a

Pianola Piano

WHY remain longer satisfied merely to hear others play the piano, when you can just as well be the player yourself.

THERE can be no question but that the pleasure of playing is vastly greater than that of listening.

IF you care at all for music, then WHY NOT BE A PIANIST?

THE PIANOLA PIANO will supply you with the skill. It will also supply you with a perfect instrument for hand-playing. In some, in action, in appearance, the Pianola Piano is unsurpassed.

WHY DAY you do without a Pianola Piano you are missing a pleasure which thousands of other people have spent years of their lives to gain.

PIANOLA PIANOS are genuine only when they bear the names of the Weber, the Steck, the Wheelock, or the Stayman Pianos. No other so-called Player-piano contains the Pianola or is equipped with such vital improvements as the

Metrostyle and Themodist.
